Learning what East Link Connections is and how it helps link transit and your community.

The purpose of the project is to implement a coordinated regional transit network on the Eastside that gets people where they need and want to go.

By 2024, Sound Transit will open 12 new light rail stations connecting downtown Seattle and the Eastside.

Metro and Sound Transit are initiating a mobility project on King County’s Eastside to implement a coordinated regional transit network. The project will deliver an updated mobility network that integrates with and complements Sound Transit's 12 new Link light rail stations connecting downtown Seattle and the Eastside.

Implementation for the updated mobility network will start in 2023 in conjunction with the first service change immediately following the opening of light rail service between International District/Chinatown Station and Redmond Technology Station, followed by two additional stations in 2024 serving SE Redmond and Downtown Redmond. Find out more in the background section.

Overview of online open house:

- Learn about East Link Connections
- View the draft ST Express and Metro route changes and provide feedback
- Find background information about the East Link Connections
- Explore the benefits of connecting to Link light rail
- Review the transfer experience at each new Link light rail station
- Find out more about proposed fares
- Learn about how we measure equity and view the project timeline

Shape the future of transit on the Eastside

The proposed ST Express and Metro route changes shared in this project were influenced by community and stakeholder feedback received during engagement in 2021. To learn more about the changes that are now being proposed, navigate through the geographic area and bus route lists below. Please share your feedback to the questions included within the survey below.

Survey open from February 7 to March 7

Join us at one of our virtual community information sessions.

Join King County Metro and Sound Transit for a discussion on the upcoming restructure of Metro and Sound Transit bus service on the Eastside in preparation for the expansion of Link light rail. These sessions provide an opportunity to talk with service planners and share your feedback on the updates we made to address the public feedback we received in fall 2021. Register for one of our free virtual events and help shape the future of transit on the Eastside!

Thurs., Feb. 17, 2022
6 – 7 p.m.

Sat., Feb. 26, 2022
10 – 11 a.m.

Register for this free virtual event
